JOB PRINTING.

There are several first-class places in Pittsfield where you can get Job Printing done, but *if you want a first-class job* go to

Hill's Steam Job Print,

16½ NORTH STREET.

I turn out work that I am not ashamed of, and that my customers are pleased with—artistic in design, executed neatly and skillfully, and *cheap* at the prices I get; while most of the so-called "cheap printing" is a disgrace both to the printer who produces it and to the customer who buys it, and *dear at any price.* Choose wisely. "Get the best." Typographically yours to command,

The United States Treasury Department says: "Cutting the figures ENTIRELY OUT is the only perfect protection against alteration."

Insure your Checks, Notes and Drafts against Alteration or "Raising" by using

THE STANDARD AUTOMATIC SAFETY PUNCH.

This machine cuts out the ENTIRE FIGURES, and must not be confounded with perforators or embossing stamps. In its results it embodies the most perfect protection known to modern banking; when this machine is used no question can ever arise as to intent. The maker of a check (having complied with the fullest requirement of the law) at once shifts all further responsibility from himself. Having but one lever, and both punches and dies being made of best steel, it combines simplicity with great durability. Simplest, quickest, cheapest.

W. M. BROWN,

ATTORNEY

— AND —

Counselor at Law.

ADMITTED TO PRACTICE, 1875.

SOLICITOR OF AMERICAN AND FOREIGN PATENTS,

DRAUGHTSMAN,

Counsel in Patent Causes.

PRACTICE IN ALL THE UNITED STATES COURTS.

I have the most reliable connections in every country where patents are granted. My facilities for procuring foreign patents cannot be excelled.

NOTICE TO MANUFACTURERS.

All there is of worth in any patent lies in the claims. However well an invention may be described in the body of a patent, if it is not covered by the claims, the patent is worthless, however meritorious the invention may be. I make a specialty of preparing written opinions as to title and scope and validity of patents for those about to invest in them. The advice of counsel taken in time may save thousands of dollars. Correspondence Solicited.

NOTICE TO INVENTORS.

My prices for soliciting American Patents are as follows:
Ordinary cases—Solicitor's fee, $30; Government fees, $35.
Complicated cases—fees in accordance with amount of work required.
Foreign Patents—fees stated on application.
